

## P.A.C. Meeting Minutes

Attending: PAC Chairs Karen Wood and Jane Pike, Treasurer Kevin McKeown, Principal Margaret Davidson, Vice Principal Natalie Morissette and 30 parents.

### 1. **Body Science / Sex Education presentation (1 hr)**

- Jessica Wollen, Certified Sexual Health Educator

Introduces herself – works at Crofton House, schools, companies, Children of The Street Society. Started the Camp “Experience Your Dreams”.

Gordon parents look at K–7 Health and Career Education curriculum and brainstorm what topics they would like Jessica to cover with our students.

Topics that came up: terminology, respectfulness/trust, media exposure, love vs lust, open communication with parents and others, disease prevention, public vs private settings, decision making, the connection between two people as well as the mechanics of making a baby, all kinds of relationships, all the ways that babies can be made. Jessica will fold these topics into her lessons with students. Parents should know the age of consent is 16 years, and younger than that the relationship must be between two closely-aged children (parents check details.) A summary of what each grade will be taught in class will be posted on the website. Jessica also has resources to share with the students and parents.
